

ARMS WIDE OPEN

Lyrics

VERSE 1

Come, all who are thirsty
All who long for more
Leaving fear behind
Stepping into love

CHORUS

With arms wide open, here we are
Fill us with your love
Come near, let your glory fall
We are here, to worship You

VERSE 2

Come, Holy spirit come
Fill this room with you
Touch our minds and hearts
We long to follow you

And hear the angels sing
And worship at Your feet
Light is here, darkness must flee
At the sound of Your great name

BRIDGE

Come with Your fire
Come with Your glory
Come with Your overwhelming grace
